

Stakeholder workshop, Dharashiv, Maharashtra on 8/7/2024

As part of the IndusInd Bank-supported CSR project 'Climate Resilient Sustainable Agriculture and Livelihoods,' CACS (IITM), in collaboration with PFRI, Kolkata organized a stakeholder workshop in Dharashiv on July 8, 2024. The workshop aimed to foster convergence and strategic collaboration with various governmental line departments connected to the project theme. It was successful, receiving encouraging inputs from the District Agriculture Officer and other participating officials. Local farmers discussed the project's potential impact on their agricultural production, with several expressing interest in collaborating and implementing the new agroforestry model on parts of their drought-prone agricultural land.
